No Job Too Small

Every detail in the equipment of our plant is designed with the object of doing work that is **just right.** No cheap materials, no worn-out machines, no cheap employes to slur over a job, therefore:

No job is too small to have most careful attention.

What you want--When you want it.

Just exactly what you order in quality, style, quantity and material, is our regular practice, but that is not enough; many a piece of work otherwise satisfactory has been seriously impaired in value, by delayed delivery.

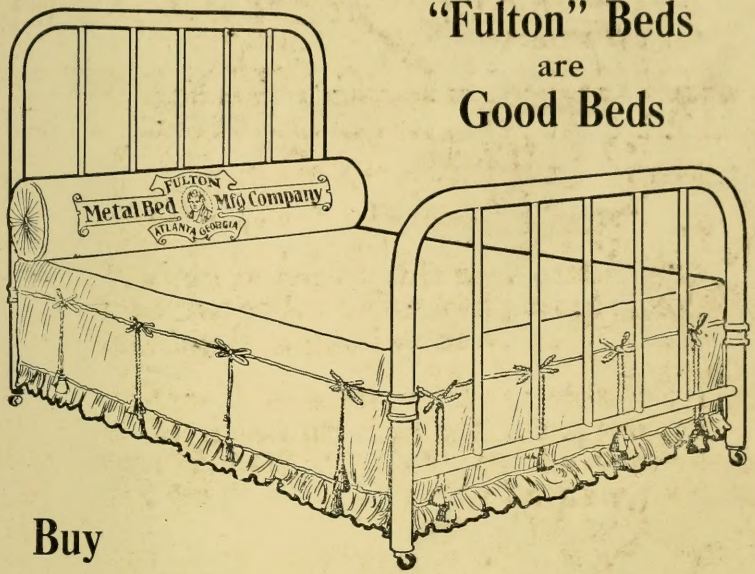
"We Deliver When You Want It."

Emergencies

In every business there will arise emergencies, at which time, it is important to have printed forms or blanks at the earliest moment.

We pride ourselves on our ability to meet emergencies.

We don't think we have ever failed to take care of our customers' needs in such a case.



Try Us On Your Next Emergency Job.

Customers

We endeavor to so satisfy each customer who calls on us that thereafter he will never desire to have anyone else serve him.

Many houses have used our service exclusively for many years with great satisfaction.

Let us count you as one of our "regular" customers.

If Robinson Crusoe

Had Not Advertised,

He would very probably have died on the island.

He was one of the very earliest successful advertisers; in spite of the fact that his possible audience was exceedingly small, and his choice of mediums and copy unusually limited.

He however recognized two great fundamental advertising principles. Keeping everlastingly at it, and using the best copy obtainable for the intended audience.

The observance of these rules backed by goods and service will spell "Success."

The Atlanta City Directory inherently furnishes the first essential, "Keeping everlastingly at it", it is "on the job" every minute of every day of every year, talking to the best audience obtainable. We will help you furnish the second requisite, if you wish, "copy" that will attract the attention of all money spenders of Atlanta.

Two cents a year pays for a whole page advertisement in one copy of the Atlanta City Directory.

Phone for our man, Main 1653. It might be to our mutual benefit to meet.

EMORY UNIVERSITY

The University offers at present, courses leading to degrees in the following departments:

I. The School of Liberal Arts (Emory College) offers courses in English, Spanish, French, German, Greek, Latin, Mathematics, Physics, Chemistry, Biology, Mental and Moral Science, History, Political Economy, and Biblical Literature, leading to the usual literary degrees. This department has a library of 50,000 bound volumes.

II. The School of Theology (the Candler School of Theology) offers full and varied courses leading to the degree of B.D. This is a school of theology, as definite in its teachings as it is definite in its aim to serve the Church to which it belongs. The library of the School of Theology is rich and grows richer daily. To it belongs the famous "Thursfield Smith Collection of Wesleyana," which includes hundreds of the autograph letters of the Wesleys and other Methodist celebrities.

III. The School of Medicine (the Atlanta Medical College), a medical school of the first grade which offers courses in medicine and surgery covering four years and leading to the degree of M.D. By arrangement with the Grady Hospital, the municipal hospital of Atlanta, and the Wesley Memorial Hospital, which is a part of the University System, the School of Medicine is able to offer the best clinical advantages to students.

IV. The School of Law (the Lamar School of Law) is a law school of the first rank, employing "the case method" of instruction, and offering full courses of three years. The library is large and well selected. The law-school building is the finest in the South, and the equal of any in the country. The faculty is composed of exceptionally able men, who have been educated in the great law schools of the world and have won with distinction their degrees in law. In Atlanta is held every court known to the judicial system of the United States except the Federal Supreme Court. It is not too much to say that no law school in our country offers superior advantages.

PREFACE

This the 40th consecutive volume of the **Atlanta City Directory** and the 17th under its present management; is issued just after a prolonged period of unusual commercial depression, one of, if not the most serious Atlanta and this section has ever felt, and we are gratified to find that our **population has increased 2,041** during that time, which is a splendid testimonial to the present stability and future greatness of Atlanta.

Our population is now 226,504.

The **Directory** canvasses practically all territory reached by the street cars, except Marietta and Stone Mountain lines, thereby going considerably beyond the corporate limits in territory which includes those people who work and trade in Atlanta, and contribute much to her commerce and greatness.

We desire to thank all those who have aided us in our earnest efforts to give correct and complete information; because it is the large employer of labor who by his co-operation with us contributes most to the accuracy and completeness of this work.

We have carefully selected our advertisers, and commend all of them to our readers, as being worthy of patronage and confidence; they are representative of the most progressive business houses of Atlanta and America, and we will **insure you against loss**, if, when patronizing them, you will mention seeing their advertisement in this **Directory.**

We especially invite your attention to the Yellow Section; it is very interesting.

This **City Directory** is the cheapest mailing list of live names obtainable; as we furnish 10,617 real names for $1.00.

BLACK TYPE

¶ The names appearing in **BLACK TYPE** in this directory represent the energy and enterprise of the city and it is a pleasure for the publishers of this directory to have the opportunity to make the public acquainted with them. Those in **black type** are the people who accomplish the wonders in business here and make Atlanta what it is. They recognize and support all the public necessities and things needful to improve and serve a CITY of Atlanta's magnificent possibilities. They are not the drones and sponges who never support anything, but seek rather to gain by others' hard work and money. When you patronize those in **black type** you patronize men and firms who will PATRONIZE YOU in the same broad manner that you patronize them.

Gentlemen:-

We have your letter of the 17th, in reference to the Atlanta City Directory. The writer has always considered this particular advertising a good investment for various reasons. It has brought business directly to us. The book itself is indispensable for your office, in addition to which we have always found Mr. Hill a good booster for his advertising patrons, even at times sending them business far in excess of the cost of the advertising.

You, therefore, have our permission to renew your contract covering the advertising space which we have been carrying for several years.

Very truly yours,

(d) Parcels subject to the pound rates, mailed for delivery within the first or second zone, are, when the distance by the shortest regular mail route from the office of origin to the office of delivery is 300 miles or more, chargeable with postage at the rate of 6 cents for the first pound and 2 cents for each additional pound, a fraction of a pound being computed as a full pound.

Zones—Parcel Post Guide, Keys, and Maps.—For parcel post purposes the United States is divided into units of area 30 minutes square which form the basis of 8 postal zones. To ascertain in which zone a post office is located from the office of mailing, a parcel post guide and zone key, or map, are jointly used. The guide applies to all offices but a separate zone key or map is required for each unit. Zone keys, making maps unnecessary, are furnished with the guide for use in many of the units. Postmasters should be able to inform patrons whether keys have been prepared for their units. The price of the guide with key, but without map, is 55 cents, and of a map, 20 cents. They may be purchased by sending a money order (stamps not accepted) to the Third Assistant Postmaster General, Washington, D. C. The unit numbers of post offices are also shown in the Official Postal Guide, which, with monthly supplements, may be purchased from the J. B. Lyon Co., Albany, N. Y., at from $1.50 to $3.50 a year.

CONCERNING NAMES NOT IN DIRECTORY

A few remarks about those whose names are not in the directory will be permissible

Do not hold the compilers responsible for every omission, for the fault is not always theirs

There are people who do not wish to have their names in the Directory and they exert themselves in every way to keep away from the nametakers

While it is certainly no reproach upon people to have their names in the Directory, there are a number of reasons why some wish to have their names kept out of the Directory, all of which reasons are good reasons why the public should find the names in the Directory

Included in the "Keep-Out-Clan" is the super-sensitive persons, suffering from false pride, who shrink from the exhibition of name and occupation before the public To this class belong many young ladies and women who are holding respectable positions in the business houses of the city

WE GUARANTEE YOU AGAINST LOSS AND MISREPRESENTATION IF YOU WILL MENTION THIS DIRECTORY WHEN PATRONIZING OUR ADVERTISERS. *ATLANTA CITY DIRECTORY COMPANY*

BLACK TYPE

¶ The names appearing in **BLACK TYPE** in this directory represent the energy and enterprise of the city and it is a pleasure for the publishers of this directory to have the opportunity to make the public acquainted with them. Those in **black type** are the people who accomplish the wonders in business here and make Atlanta what it is. They recognize and support all the public necessities and things needful to improve and serve a CITY of Atlanta's magnificent possibilities. They are not the drones and sponges who never support anything, but seek rather to gain by others' hard work and money. When you patronize those in **black type** you patronize men and firms who will PATRONIZE YOU in the same broad manner that you patronize them.

BLACK TYPE

¶ The names appearing in **BLACK TYPE** in this directory represent the energy and enterprise of the city and it is a pleasure for the publishers of this directory to have the opportunity to make the public acquainted with them. Those in **black type** are the people who accomplish the wonders in business here and make Atlanta what it is. They recognize and support all the public necessities and things needful to improve and serve a CITY of Atlanta's magnificent possibilities. They are not the drones and sponges who never support anything, but seek rather to gain by others' hard work and money. When you patronize those in **black type** you patronize men and firms who will PATRONIZE YOU in the same broad manner that you patronize them.
